

AVATEC - lasalocid sodium granule
Alpharma Inc. Animal Health

Lasalocid Sodium
Type A Medicated Article
(medicated premix)
Coccidiocidal

ACTIVE DRUG INGREDIENT

Each pound contains 90.7 g (20%) of lasalocid sodium activity in a carrier suitable for incorporation in feed.

For use in the manufacture of medicated feeds only

For the prevention of coccidiosis in

Target Species:	Caused by:
Broiler or Fryer Chickens:	<i>Eimeria tenella</i> , <i>E. necatrix</i> , <i>E. acervulina</i> , <i>E. brunetti</i> , <i>E. mivati</i> , and <i>E. maxima</i>
Growing Turkeys:	<i>E. meleagritidis</i> , <i>E. gallopavonis</i> , <i>E. adenoeides</i>
Rabbits:	<i>Eimeria stiedae</i>
Chukar Partridges:	<i>Eimeria legionensis</i>

DIRECTIONS FOR USE

Broiler, Fryer Chickens and Growing Turkeys

Use Avatec[®] continuously in the feed to provide from 68 g per ton (0.0075%) to 113 g per ton (0.0125%) lasalocid sodium concentration. The dosage range allows adjustment of drug level to severity of exposure. The higher levels are indicated for severe exposure. Consult a poultry disease diagnostician for advice regarding the optimal level of drug.

Rabbits

Use Avatec[®] continuously in the feed for rabbits up to 6 1/2 weeks of age to provide 113 g per ton (0.0125%) lasalocid sodium concentration.

Chukar Partridges

Use Avatec[®] continuously in the feed for young birds up to 8 weeks of age to provide 113 g per ton (0.0125%) lasalocid sodium concentration.

MIXING DIRECTIONS

Thoroughly mix the following amounts of Avatec[®] to make one ton of feed to provide from 68 g per ton (0.0075%) to 113 g per ton (0.0125%) lasalocid sodium concentration. When adding less than one pound of premix per ton of feed, it is recommended that the premix first be mixed with a small amount of feed (10-25 lbs.) prior to incorporation into the final feed.

Dosage for use in target species	Concentration % in Feed	Lasalocid grams/ton	lbs Avatec [®] per ton feed
Broiler, Fryer Chickens and Growing Turkeys	0.0075%	68	3/4
	0.0100%	90.7	1
	0.01125%	102	1 1/8
Broiler, Fryer Chickens, Growing Turkeys, Rabbits, Chukar Partridges	0.0125%	113	1 1/4

WARNING

When mixing and handling lasalocid premix, use protective clothing, impervious gloves and a dust mask. Avoid contact with eyes. Operators should wash thoroughly with soap and water after handling.

Note: In addition to label statements of identity, ingredients and directions for use, labeling of feeds containing Avatec[®] must contain the following statements:

FOR BROILER OR FRYER CHICKENS ONLY and/or

FOR GROWING TURKEYS ONLY and/or

FOR CHUKAR PARTRIDGES (UP TO EIGHT WEEKS OF AGE) ONLY and/or

FOR RABBITS (UP TO SIX AND ONE HALF WEEKS OF AGE) ONLY

Additionally, **all** feed labeling **must** state:

FEED CONTINUOUSLY AS THE SOLE RATION

NADA 96-298, Approved by FDA
